WEST NEWBURY  
OPEN SPACE COMMITTEE

✓

West Newbury CPA funds were used to pay for this project. Essex County Trails Association (ECTA) performed the necessary wetland permitting. This project was \$10,000 below budget; a 25% cost savings to the Town.

Local volunteers and help from an army of over 50 Pentucket High School Seniors (above), who hauled all the heavy lumber to the sites, contributed to the success of this project. Without their help, SCA AmeriCorps could not have finished in time.

# SUMMER 2014

All three bridges were constructed by SCA AmeriCorps in only 3 weeks. Chosen among 40 applicants, West Newbury Open Space won SCA's Annual Trail Award, giving us 3 weeks of labor for the price of two!

Fred Chanania and Elisa Grammer (center) and SCA crew members attend SCA's Recognition Ceremony. A 50' boardwalk crosses their property thru a public trail easement connecting Coffin Street to Riverbend West.
